PREAMBLE

These Eventing Rules are effective as of 1 January 2014.

The Eventing Rules will be substantively reviewed every four (4) years unless urgent clarifications or modifications are required for risk management purposes.

As of this date, all other texts of the Eventing Rules or amendments to them dated prior to this date are superseded.

Although these Eventing Rules set out the detailed rules of the FEI for international Eventing Competitions, they must be read in conjunction with any other FEI Rules and Regulations, including but not limited to:

- FEI Statutes
- FEI General Regulations
- FEI Dressage Rules
- FEI Jumping Rules
- FEI Veterinary Regulations
- FEI Eventing Memorandum
- FEI Eventing Cross Country Guidelines
- ECDMCR
- ADRHA
- Guidelines for Use of Tack, Equipment and Dress (FAQ)

The FEI Jumping and Dressage Rules apply for the Eventing Jumping and Dressage Tests except where otherwise provided in these Eventing Rules. Any modification introduced to the FEI Jumping and Dressage Rules during the year will be evaluated for application in Eventing from 1st January the following year.

Every Eventuality cannot be provided for in these Eventing Rules. In any unforeseen or exceptional circumstances, it is the duty of the appropriate person or body to make a decision in a sporting spirit, by approaching as near as possible the intention of the Eventing Rules and of the General Regulations. Should there remain any omissions in the Eventing Rules, such omission shall be interpreted in a manner compatible to the fullest extent with the other provisions of these Eventing Rules, other rules and regulations of the FEI, and sporting spirit.

For the sake of brevity these regulations use the masculine form; this is to be interpreted to include both genders. Terms with a capitalized first letter are defined in the Glossary of the Eventing Rules, in the General Regulations, in the Statutes or in other Rules of the FEI.

THE FEI CODE OF CONDUCT FOR THE WELFARE OF THE HORSE

The FEI requires all those involved in international equestrian sport to adhere to the FEI Code of Conduct and to acknowledge and accept that at all times the welfare of the Horse must be paramount. Welfare of the Horse must never be subordinated to competitive or commercial influences. The following points must be particularly adhered to:

1. General Welfare:

a) Good Horse management

Stabling and feeding must be compatible with the best Horse management practices. Clean and good quality forage, feed and water must always be available.

b) Training methods

Horses must only undergo training that matches their physical capabilities and level of maturity for their respective disciplines. They must not be subjected to methods which are abusive or cause fear.

c) Farriery and tack

Foot care and shoeing must be of a high standard. Tack must be designed and fitted to avoid the risk of pain or injury.

d) Transport

During transportation, Horses must be fully protected against injuries and other health risks. Vehicles must be safe, well ventilated, maintained to a high standard, disinfected regularly and driven by competent personnel. Competent handlers must always be available to manage the Horses.

e) Transit

All journeys must be planned carefully, and Horses allowed regular rest periods with access to food and water in line with current FEI guidelines.

2. Fitness to compete:

a) Fitness and competence

Participation in Competition must be restricted to fit Horses and Athletes of proven competence. Horses must be allowed suitable rest period between training and Competitions; additionally rest periods should be allowed following travelling.

b) Health status

No Horse deemed unfit to compete may compete or continue to compete; veterinary advice must be sought whenever there is any doubt.

c) Doping and Medication

Any action or intent of doping and illicit use of medication constitutes a serious welfare issue and will not be tolerated. After any veterinary treatment, sufficient time must be allowed for full recovery before Competition.

d) Surgical procedures

Any surgical procedures that threaten a competing Horse's welfare or the safety of other Horses and/or Athletes must not be allowed.

e) Pregnant/recently foaled mares

Mares must not compete after their fourth month of pregnancy or with foal at foot.

f) Misuse of aids

Abuse of a Horse using natural riding aids or artificial aids (e.g. whips, spurs, etc.) will not be tolerated.

3. Events must not prejudice Horse welfare:

a) Competition areas

Horses must be trained and compete on suitable and safe surfaces. All obstacles and Competition conditions must be designed with the safety of the Horse in mind.

b) Ground surfaces

All ground surfaces on which Horses walk, train or compete must be designed and maintained to reduce factors that could lead to injuries.

c) Extreme weather

Competitions must not take place in extreme weather conditions that may compromise welfare or safety of the Horse. Provision must be made for cooling conditions and equipment for Horses after competing.

d) Stabling at Events

Stables must be safe, hygienic, comfortable, well ventilated and of sufficient size for the type and disposition of the Horse. Washing-down areas and water must always be available.

4. Humane treatment of Horses:

a) Veterinary treatment

Veterinary expertise must always be available at an Event. If a Horse is injured or exhausted during a Competition, the Athlete must stop competing and a veterinary evaluation must be performed.

b) Referral centres

Wherever necessary, the Horse should be collected by ambulance and transported to the nearest relevant treatment centre for further assessment and therapy. Injured Horses must be given full supportive treatment before being transported.

c) Competition injuries

The incidence of injuries sustained in Competition should be monitored. Ground surface conditions, frequency of Competitions and any other risk factors should be examined carefully to indicate ways to minimise injuries.

d) Euthanasia

If injuries are sufficiently severe a Horse may need to be euthanized by a veterinarian as soon as possible on humane grounds, with the sole aim of minimising suffering.

e) Retirement

Horses must be treated sympathetically and humanely when they retire from Competition.

5. Education:

The FEI urges all those involved in equestrian sport to attain the highest possible levels of education in areas of expertise relevant to the care and management of the Competition Horse.

This Code of Conduct for the Welfare of the Horse may be modified from time to time and the views of all are welcomed. Particular attention will be paid to new research findings and the FEI encourages further funding and support for welfare studies.

EVENTING VISION STATEMENT

Eventing constitutes the most complete combined equestrian Competition, demanding of the Athlete considerable experience in all branches of equitation and a precise knowledge of his Horse's ability, and of the Horse a degree of general competence, resulting from intelligent and progressive training.

The Cross Country Test constitutes the most exciting and challenging all-round test of riding ability and horsemanship where correct principles of training and riding are rewarded. This test focuses on the ability of Athletes and Horses to adapt to different and variable conditions of the Competition (weather, terrain, obstacles, footing, etc.) showing jumping skills, harmony, mutual confidence, and in general "good pictures".

This test requires by all involved special awareness and acceptance of a certain level of risk inherent to the particular challenging and exciting nature of the test.

Every effort must be made to ensure that, at each level, responsible Athletes are participating with progressively trained Horses in order not to be exposed to a higher risk than which is strictly inherent to the nature and level of the Competition.

Chapter 1 GENERAL

500 Introduction

500.1 Definition

An Eventing Competition consists of three distinct tests during which an Athlete rides the same Horse throughout, namely: Dressage, Cross Country and Jumping.

500.2. Responsibility

500.2.1. Athletes

An Athlete is ultimately responsible for knowing these Eventing Rules and complying with them. The appointment of a Steward or Official, whether or not provided for in these Eventing Rules, does not absolve the Athlete from such responsibility.

500.2.2. National Federations

National Federations are responsible for selecting and entering eligible Athletes and Horses for all international Competitions taking responsibility for their fitness and competence to compete.

500.2.3. National Safety Officers

All National Federations organising international Eventing Events must appoint an active National Safety Officer (NSO) to liaise with the FEI with regards to all matters directly relating to Eventing Risk Management.

500.2.4. Registration

All Athletes and Horses participating in international Competitions must be annually registered with the FEI.

500.2.5. Horses Passport and Microchips

Please refer to General Regulations (GRs), art 137.

Chapter 2 STRUCTURE OF COMPETITIONS

Outside Europe Continental Championships for Young Riders and Juniors may be held with any number of Regional Teams from at least two National Federations.

501.3.2 Individuals in Addition to Teams

The maximum number of individual Athletes authorised to take part in addition to each team is fixed as follows:

- a) Seven or more teams entered - two individuals per country plus a further six individuals from the host country.
- b) Five or six teams entered - three individuals per country plus a further eight individuals from the host country.
- c) Four or less teams entered - four individuals per country plus a further ten individuals from the host country.

If there are less than 35 entries in total, the number of individuals entered from each country may be increased proportionally.

In multidisciplinary championships (e.g World Equestrian Games), and Games (e.g Ponies, Juniors, Balkan or Regional Games), if Eventing is organised with other disciplines, the host country will be limited to the same number of Athletes and Horses as the maximum number permitted for the foreign countries.

National Federations will be advised by the Organising Committee at the closing of nominated

501.3.3 Levels of difficulty

The level of difficulty of Championships will be as follows:

- a) Ponies - CCIP2
- b) Young Horses (six year) - one star
- c) Young Horses (seven year) - two star
- d) Junior - one star
- e) Young Riders - two star

World Championships can only be held if at least six National Federations are represented.

If the World Championships are conducted separately, the number of Athletes will be in accordance with art. 501.3 for Championships.

Participation:

- a) Maximum 5 Athletes to take part from one nation.
- b) Maximum of 2 individuals for Nations not represented by a team.
- c) A Team will consist of 3 or 4 Athletes.

Technical Level:

- a) 4 star level Dressage and Jumping Test,
- b) Cross-Country Test 3 star technicality (10min and maximum 45 efforts)

501.4 Games

501.4.1 Regional and Continental Games

Eventing may be organised at regional or continental multi sport games (e.g. Pan American, Asian, South American, South East Asian, etc.) with an official team and individual classification.

These games are organised by NOC confederations, responsible for general regulations with the exception of the technical aspects. The age group, format and level must be approved by the FEI Eventing Committee.

501.4.2 Olympic Games

Olympic Games are organised by the International Olympic Committee in accordance with the FEI Special Regulations for Olympic Games and current Eventing Rules.

501.5 FEI Eventing Series

FEI Eventing Series can be established further to approval by the Bureau. (e.g. FEI Eventing World Cup, FEI Eventing Nations Cup, etc.)

For all Series separate Rules for qualification and participation must be approved by the Bureau.

502 Formats and Levels

Competitions are also defined by their format and level.

502.1 Formats

502.1.1 Definition

Formats define some of the technical aspects of the Competition (duration of the Competition, intensity of the Cross Country Test, order of tests, etc.)

502.1.2 Long Format Competition (CCIs)

A Long Format Competition may take place over three or more days. The Dressage Test will be spread over one or more consecutive days, depending on the number of competitors, directly followed on the next day by the Cross Country Test that will be directly followed on the next day by the Jumping Test.

In the Long Format Competitions the Cross Country course will be of such a length that the Horse is required to be supremely fit and stamina will be required for success.

The Cross Country Test will always take place before the Jumping Test.

502.1.3 Short Format Competition (CICs)

A Short Format Competition may take place over one or more days. The Dressage Test will always take place first and will be followed on the same or following days by the Jumping and Cross Country Test.

In the Short Format Competition the level of difficulty of the Cross Country course is similar to the Long Format according to the star system, but the course is shorter and the intensity of efforts will be higher.

The Cross Country Test will preferably take place after the Jumping Test.

502.2 Levels of difficulty

The levels indicate the degree of difficulty of the Competition and are defined by a progressive star system ranging from the lower level to the higher.

Four star levels are defined for the Long Format and three star levels for the Short Format. The Four star level Competitions require the maximum level of training and experience from both Athlete and Horse.

If, after consultation with the Technical Delegate, the Ground Jury is not satisfied with the courses, it is authorised to modify them.

515.2.3 Horse Inspection

The Ground Jury will conduct the first and second Horse Inspections with the Veterinary Delegate.

515.2.4 Dressage Test

The Ground Jury will judge the Dressage Test.

515.2.5 Cross Country Test

The Ground Jury will be responsible for determining objections against decisions by technical personnel, including Fence Judges and Timekeepers, on the Cross Country Test and may substitute their judgement for that of any Judge or Official, whether in favour of the Athlete or not.

During Cross Country either the President of the Ground Jury must be in Cross Country Control

or, if the President of the Ground Jury does not speak or understand the language which is being used for communication purposes, one of the members of the Ground Jury who does speak and understand the language must be there instead.

The President, in consultation with the Technical Delegate, shall make this decision and will decide about the role and positioning of the other Ground Jury members during the Cross Country Test.

The President and the members of the Ground Jury shall retain the same task throughout the Cross Country Test.

515.2.6 Jumping Test

The Ground Jury will be responsible for the judging of the Jumping Test.

At all Games and Championships the Ground Jury must be assisted by a Jumping Judge from the FEI list.

At all other Events such assistance is optional. Should any member of the Ground Jury be also a qualified Jumping Judge, no additional member is required.

It is essential that the President of the Ground Jury or appointed Jumping Judge be in control of the bell.

At Short Format Competitions (CICs), if the Jumping takes place while other phases are also happening, this task may be delegated to a qualified national Jumping Judge with an understanding of FEI rules.

515.3 Technical Delegate

515.3.1 General Duties

The Technical Delegate will approve the technical and administrative arrangements for the conduct of the Competition, for the examinations and inspections of Horses, for the accommodation of Horses and Athletes and for the stewarding of the Competition as well as liaising with the Chief Medical Officer in regard to the Medical plan.

The authority of the Technical Delegate shall be absolute until he has reported to the Ground Jury that he is satisfied with all the arrangements. Thereafter, he will continue to supervise the technical and administrative conduct of the Event and will advise and assist the Ground Jury, Veterinary Commission and the Organising Committee.

515.3.2 Courses and Arenas

For all three tests the Technical Delegate will inspect and approve the courses, arenas and facilities for exercising and training, including the type and dimensions of obstacles and measurements of courses, with particular reference to their suitability for the level of the Competition.

The Technical Delegate is specifically required to measure all courses to ensure they are of the indicated distances. He must be able to inspect the courses early enough to allow for modifications to be made.

The Technical Delegate will supervise the briefing and conduct of all technical personnel (i.e. fence Judges, timekeepers).

515.3.3 Instruction to Officials

Where there is any doubt as to the correct interpretation of the rules of judging any element, obstacle or combination of obstacles, it is recommended that the Technical Delegate, in consultation with the Ground Jury if possible, should approve the instructions to the Officials, providing a rough sketch if necessary, and all Athletes will be informed at the briefing or as soon as possible after the Technical Delegates decision, if later.

515.3.4 Scoring

The Technical Delegate will investigate all enquiries regarding scoring, including penalties

awarded, and report to and advise the Ground Jury on any decisions they are required to make. The Technical Delegate shall be responsible for signing off the final results of the Competition(s).

515.3.5 Abuse of Horse and/or Dangerous Riding

The Technical Delegate has the authority to warn or stop an Athlete on Cross Country course for dangerous riding (art. 525), riding an exhausted Horse, excessive pressing of a tired Horse, riding an obviously lame Horse, excessive use of whip and/or spurs (art. 526).

515.3.6 Arbitration and Investigation Panel

The Technical Delegate will ensure that an Arbitration and Investigation Panel will be appointed on the first day of the Event by the Organising Committee in consultation with the Technical Delegate and President of the Ground Jury.

The Arbitration and Investigation Panel will consist of three people a non-competing current or recent Athlete experienced at the level of the Event, an FEI Official, and a third independent person experienced in the sport, e.g. an Organiser.

The Arbitration and Investigation Panel will render a decision in the case of a dispute between Athletes and Officials according to Annex F and make a report on the circumstances surrounding the accident to the President of the Ground Jury in the Event of a serious accident to Horse or Athlete.

515.3.7 Reporting to the FEI

The Technical Delegate is responsible for reporting back to FEI Headquarters within 10 days following the end of the Event.

515.4 Course Designer

The Course Designer must be present at the Cross Country course inspection with the specific Ground Jury for the Cross Country course for which the Course Designer is responsible. If for any serious reason, the appointed Course Designer cannot be present also during the Cross Country Test, this information needs to be reported to the FEI with a proposal for replacement before the start of the Event.

Any infringement of this article will be reported to the FEI Secretary General for possible legal action to be considered by the FEI.

515.4.1 Cross Country

The Course Designer is responsible for the layout, measurement, preparation and marking of the route for the Cross Country and for the design, construction and marking of the obstacles on Cross Country.

515.4.2 Jumping

The Course Designer is ultimately responsible for the layout, design and construction of the Jumping course and he must ensure that the course complies with all the current Eventing Rules.

The duty of building the Jumping course will be eventually be delegated to a Jumping Course Designer according to tables in Art 513.

515.5 Veterinary Delegate/Commission (refer to Veterinary Regulations)

515.6 Appeal Committee

The duties of the Appeal Committee are as laid down in the General Regulations and in the Veterinary Regulations. The President and Members must have updated knowledge of the FEI Regulations and specifically of including the Eventing Rules.

A full Appeal Committee (President and at least two members) is compulsory for Championships and Series Finals. It must consist of a foreign member.

At all other international Events, the duties of the Appeal Committee may, at the Organising Committees discretion be carried out by the Ground Jury.

Except at a Championship, the Appeal Committee, if appointed, may consist of a single person, who must in such a case be an Official International or International Judge or an International Technical Delegate, who is not officiating at the Competition in any other capacity.

515.7 Stewards (Stewarding Team)

The duties of the Stewarding team is to assist the Organising Committee, Ground Jury, Technical Delegate and Athletes in the conduct of the Competition according to the FEI Rules, paying due respect to the guidelines defined in the Code of Conduct for Welfare of the Horse and that a level playing field is provided for all Athletes participating in the Event.

During the three days before the start of the first Horse Inspection or the Dressage Test, as applicable, the Stewarding team are responsible for the application of the FEI rules.

Specifically, but not exclusively, their duties cover planning and supervision of work in all exercise, practice, warm-up, and stable areas, checking of dress and saddlery, assistance with Horse examinations and Inspections, and will be involved in the Medication control of Horses (MCP) and for Athletes (WADA) if required. They are expected to work closely with the Organising Committee, Athletes, Technical Delegates and other Officials.

Chapter 5 TECHNICAL REQUIREMENTS FOR PARTICIPATION

516 Principles

In order to be entered in an international Competition Athletes and Horses must first and foremost fulfil the criteria set by their National Federation.

In addition to the criteria set by National Federations the eligibility to compete will be determined by the achievement of a number of Minimum Eligibility Requirements (art. 517) in international Competitions. MERs have to be achieved by the Horse or by the Athlete/Horse as a combination according to the level of competence/experience (Art. 519 Athletes Categories) of the Athlete and the level of the Competition.

National Federations are encouraged to set stronger and additional criteria to FEIs minimum requirements for Horses and Athletes.

Organising Committees, with the approval of the FEI and their own National Federation, may also impose additional criteria for Horses and/or Athletes, which must be published in the schedule approved by the FEI.

The Technical Delegate, or his nominee, shall check that all Horses and Athletes are correctly entered by their National Federation and registered with the FEI.

517 Minimum Eligibility Requirement (MER)

A Minimum Eligibility Requirement is achieved by completing a Competition within minimum parameters of all round performance as follows:

- a) Dressage Test: not more than 67 (or 55%) penalty points.
- b) Cross Country Test:
 - A clear round at obstacles (activating a maximum of one frangible device will maintain the MER result on Cross Country)
 - Not more than 75 seconds exceeding the optimum time in the Cross Country Test for one, two and three star level Competitions and 100 seconds in the case of four star level Competitions.
- c) Jumping Test: not more than 16 penalties at obstacles.

NOTE: All MERs obtained in previous years will be counted according to the rules in place at that time.

518 Minimum Eligibility Requirement Validity period

518.1 Championships

The valid period for obtaining a Minimum Eligibility Requirement is from the preceding calendar year to the closing date of the nominated entries.

518.2 CIs & CIOs:

The valid period for obtaining a Minimum Eligibility Requirement is anytime until:

- a) At least 24 days before the Cross Country Test of the Competition for which is needed if the MER has been achieved at a Long Format Competition (CCIs).
- b) At least 10 days before the Cross Country Test of the Competition for which is needed if it has been achieved at a Short Format Competition (CICs).

519 Athletes Categories

FEI Athlete categories for Eventing define a recognition of proven competence of the Athlete at a certain level.

Athletes will be categorised (Uncategorised International, D, C, B, A) according to their performance in a rolling eight years period as defined in the following table.

D	Fifteen (15) MER at FEI short (CICs) or long (CCIs) format Competitions of one star level or above; or five (5) MERs at FEI short (CICs) or long format (CCIs) competitions at higher level.
C	Fifteen (15) MER at FEI short (CICs) or long (CCIs) format Competitions of two star level or above; or five (5) MERs at FEI short (CICs) or long format (CCIs) competitions at higher level.
B	Fifteen (15) MER at FEI short (CICs) or long (CCIs) format Competitions of three star level or above; or five (5) MERs at FEI long format (CCIs) competitions at four star level.
A	Fifteen (15) MER at FEI short (CICs) or long (CCIs) format Competitions of three star level or above of which five at four star level.

The Athlete category will be updated according to the performances on 1st of July and at the end of each calendar year taking into account the rolling eight years.

520 Minimum Eligibility Requirements for CIs and CIOs

The following table details the requirements needed to be entered in the different formats, categories and levels of international Competitions.

Exceptions for MERs:

- a) The 1st activation of a frangible/deformable device (11 penalties) will still allow a MER.
- b) When multiple Minimum Eligibility Requirements are required (for CIs and CIOs), one of the Minimum Eligibility Requirements can be achieved incurring 20 penalties at the obstacles of the Cross Country Test (See below for Minimum Eligibility Requirements for Championships & Games).

520.1 Athletes not yet categorised at the level of the Competition

For Athletes not yet categorised at the level of the Competition the Minimum Eligibility Requirements must be achieved as a combination according to the following table:

Short format:

CIC 1*	All Athletes	NF requirements
CIC 2*	Uncategorised Athletes	NF requirements + 1 CI 1*
	D Athletes	NF requirements
CIC 3*	Uncategorised or D or C Athletes	NF requirements + 2 CI 2*

Long format:

CCI 1*	All Athletes	NF requirements
CCI 2*	Uncategorised Athletes	NF requirements + (1 CCI1* or 1 CIC2*) and 1 CIC2*
	D Athletes	NF requirements + (1 CCI1* or CIC2*)
CCI 3*	Uncategorised or D or C Athletes	NF requirements + 1 CCI2* + 1 CIC3*
CCI 4*	Uncategorised or D or C Athletes	NF requirements + 2 CCI3* + 2 CI 3*
CCI 4*	B Athletes	NF requirements + 1 CCI3* + 3 CI 3*

520.2 Athletes already categorised at the level of the Competition

Athletes already categorised at the corresponding level or above, can either use the full requirements for uncategorised Athletes as per Art 520.1 as a combination or the Minimum Eligibility Requirements according to the following table:

Short format:

CIC 1*	All Athletes	NF requirements
CIC 2*	C or B or A FEI Athletes	NF requirements
CIC 3*	B or A FEI Athletes	NF requirements + 1 CI 2* (Horse only)

Long format:

CCI 1*	All Athletes	NF requirements
CCI 2*	C or B or A FEI Athletes	NF requirements + (1 CCI1* or 1 CIC2*) (Horse only)
CCI 3*	B or A FEI Athletes	NF requirements + 1 CCI2* (Horse only)
CCI 4*	A FEI Athletes	NF requirements + 1 CCI3* (as a combination)

NOTE: NFs have the option to apply to use CNs (National Competitions) for qualification purposes only to replace events cancelled due weather conditions and/or exceptional circumstances.

Targeted CNs are those for which the FEI has received and approved a request from the relevant NF for this specific purpose. MERs obtained at the specific targeted national Events will only count for upgrade in the same year and not for Athletes categorisation.

The application must be sent a minimum of 4 weeks before the Event. An FEI 3&4 star Technical Delegate must function at the Event taking responsibility for the technical standards/level of the Competition and must report to the FEI (TD report) including full results.

521 Minimum Eligibility Requirements for Championships & Games

For Championships & Games all Minimum Eligibility Requirements (MERs) must be achieved as a combination and must be clear on the obstacles of the Cross Country Test. The 1st activation

of a frangible /deformable device (11 penalties) will still allow a MER.

CH 1*	NF requirements + 1 CCI 1*
CH 2*	NF requirements + 1 CCI 2*
CH 3*	NF requirements + 1 CCI 3*
CH 4*	NF requirements + (1 CCI 4*) or (1 CCI 3* + 1 CI 3*)

For the valid period of obtaining a minimum eligibility, refer to article above: Minimum Eligibility Requirement Validity period.

Qualification for Young Horse Championships will be established separately by the Eventing Committee on an annual basis.

522 Reverse Qualification

522.1 Reverse Qualification – Horse

A reverse qualification is the obligation for a Horse to show restored competence at a lower level (MER) after a number of unsuccessful attempts at a certain level. Reverse qualification only applies to the Horse.

A reverse qualification is triggered

- by two (2) consecutive Cross Country eliminations
or
- a total of three (3) Cross Country eliminations within a twelve (12) months rolling period of time in international Competitions.

For this purpose the relevant reasons of elimination on Cross Country would be:

- a) Three (3) refusals
- b) Fall of Horse or Athlete
- c) Dangerous riding

Reverse qualifications remain unless cleared by a MER.

In the case of a reverse qualification at certain level the Horse must obtain a Minimum Eligibility Requirement in an international Competition at a lower level before being allowed to compete again at the original level (e.g. Horse with 2 eliminations at 3 star level (any format) must obtain MER at 2 star level (any format) before going back to 3 star level (any format).

If a reverse qualification is triggered by eliminations that occur at different levels (any format), then the Horse must obtain a MER at the level below (any format) the highest level of Competition at which an elimination occurred.

If a reverse qualification is triggered following eliminations at 1 star level (any format) then the NF must assess the Horse and provide a written report to the FEI Eventing Department before the Horse may again take part in any international Eventing Competition.

522.2 Reverse Qualification - Athlete

In addition to the above, should an Athlete be fully involved with two (2) reverse qualifications within a twelve (12) months rolling period of time, his category (Art 519) will drop down one (1) level for one (1) year, as of the date of the second reverse qualification.

Chapter 6 ATHLETES AND HORSES WELFARE

523 Athletes Welfare

523.1 Medical Information

To ensure that vital information is available to first aid or medical personnel in case of emergency, athletes must comply with the following:

- a) Providing a valid contact information is mandatory for all Athletes.
The telephone number of an accompanying person/next-of-kin must be provided to the Event secretariat upon arrival (OC and medical officer to ensure all information has been received before the Cross Country).
- b) Declaration of medical condition
Athletes with medical conditions that may be relevant in the case of a medical emergency are responsible, at every Event when riding, for wearing a medical data carrier* from a system provider able to communicate information at least in English. Alternatively (and at the minimum) a medical armband of good quality can be used. Athletes who chose to wear an armband should download and fill the form available for this purpose on the FEI's website.

* *Medical data carrier (also called "medical identification tag")*: small emblem or tag worn on a bracelet, neck chain, or on the clothing, intended to alert paramedics/physicians/first responders that the wearer has an important medical condition.

Conditions that are relevant include recent head injury, serious past injuries/surgery, chronic health problems such as diabetes, long-term medications and allergies. If in doubt, the Athlete should discuss this with his own treating physician.

523.2 Medical Fitness

If there is any doubt with regard to fitness to compete of an Athlete the Ground Jury, in consultation with the Official Medical Officer, may, at its own discretion, eliminate the Athlete and decide also about his ineligibility to take part in any other Competition at that Event.

Any such elimination must be reported to the FEI through the Technical Delegate report.

523.3 Examination After a Fall

All Athletes that have had a fall during training on the Competition site or in Competition must be examined by the Official Medical Officer before they either take part in another test, Competition or leave the venue. The Athlete is fully responsible for ensuring that this examination takes place.

Any Athlete who leaves the venue after a fall without submitting to the examination required under this Article will automatically be issued a Yellow Warning Card for incorrect behaviour, which will be delivered to his or her National Federation.

523.4 Concussion

When an Athlete has an accident that results in concussion, the Athlete must be eliminated from the Competition and is ineligible to take part in any other Competition at that Event.

524 Horses Welfare

The FEI Code of Conduct for the Welfare of the Horse should be respected at all times including and not limited to during training, preparation, travel competition, recovery and otherwise.

524.1 Veterinary Examination on Arrival

This takes place on the arrival of Horses at the Event. It is performed by the Veterinary Delegate or their deputy, who must be a qualified veterinarian. The object is to establish: first each Horse's identity, vaccination history (vaccination, etc.) other passport details and second, each Horse's state of health.

The Organising Committee must fix the place and timetable for this examination in agreement with the Veterinary Delegate and inform the Chefs d'Equipe and/or the Athletes in advance.

Doubtful cases must be reported to the Ground Jury or Appeal Committee as appropriate, as soon as practicable and, normally, before the first Horse Inspection.

524.2 Horse Inspections

The Horse Inspections shall be open to viewing by the public.

524.2.1 First Horse Inspection

This takes place before the Dressage Test, not more than 24 hours prior to the beginning of the Dressage test. It is conducted by the Ground Jury and the Veterinary Delegate acting together as an Inspection Panel with the President of the Ground Jury in charge.

The Horses, presented by their respective Athlete, must be inspected in hand, at rest and in movement on a firm level, clean but not slippery surface.

The Inspection Panel has the right and the duty to eliminate from the Competition any Horse that they judge is unfit, whether on account of lameness, lack of condition or for any other reason.

In the case that the fitness to compete is questionable the Ground Jury may refer the Horse to the Holding box for examination by the Holding Box Veterinarian.

Should the Athlete decide to present the Horse for Re-inspection, the Holding Box Veterinarian will report any findings to the Inspection Panel prior to the Horse being re-inspected.

Horses in the Holding Box will be under the supervision and control of a Steward and the Holding Box Veterinarian.

In the Event of equality of votes within the Inspection Panel, the President of the Ground Jury will have a second and casting vote, and the decision will be announced immediately.

524.2.2 Second Horse Inspection

This takes place before the Jumping Test. It is conducted by the same Inspection Panel and under the same conditions as the first Horse Inspection.

524.2.3 Option for Horse Inspection at Short Competitions (CIC)

At a short Competition the First Horse Inspection is optional, however if one is to be held the details must be published in the schedule of the Competition.

In the Event that there is no First Horse Inspection, an FEI Official Veterinarian must assess the Horse's fitness to compete including a brief trot within the Examination on Arrival pursuant to 524.1 of these Eventing rules. Horses deemed by the FEI Official Veterinarian to be unfit to compete must be reported to the Ground Jury.

In a short format competition the Second Horse Inspection will be compulsory if the Jumping Test is the last test.

524.3 Horse Welfare During the Competition

At any time during the Competition, the Ground Jury, in consultation with the Veterinary Delegate, has the right and the duty to eliminate any Horse which, in his opinion, is lame or is unfit to continue.

524.3.1 Cross Country - Warm Up

There will be a veterinarian, appointed by the Organising Committee in agreement with the Veterinary Delegate, near the start of the Cross Country to report any doubtful cases to the Ground Jury.

524.3.2 Cross Country - Finishing Area

A veterinary examination will take place after the Horse has finished the Cross Country. It is conducted by a qualified veterinarian appointed by the Organising Committee in agreement with the Veterinary Delegate.

In addition to carrying out any immediate treatment required by an injured or exhausted Horse, this veterinarian will decide if each Horse:

- a) Is fit to return immediately on foot to its own stable.
- b) Should remain for further treatment before returning to its stable.
- c) Should be transported by vehicle either direct to its stable or to a veterinary hospital.

This veterinarian has no authority to eliminate any Horse from the Competition, but must report any doubtful case of abuse of horse to the Ground Jury and to the Veterinary Delegate.

An Athlete who has retired, has been eliminated or stopped during the Cross Country Test is responsible to make sure his Horse has been checked by the Veterinary Delegate or an appointed veterinarian before leaving the venue.

Any Athlete who leaves the venue without submitting to the veterinary check required under this Article will automatically be issued a Yellow Warning Card for incorrect behaviour, which will be delivered to his or her National Federation.

524.4 Appeal

At the two Horse Inspections and at any time during the Competition where a Horse may be eliminated for Horse welfare reasons, there can be no appeal against the decision of the Ground Jury.

However, if requested, the president must give a reason for the decision.

524.5 Equine Anti-doping and Controlled Medication Testing

Refer to Veterinary Regulations and EADCMRs.

525 Dangerous Riding

525.1 Definition

Any individual member of the Ground Jury and the Technical Delegate have the right and the duty to monitor possible cases of dangerous riding and, if appropriate and practical, to stop and eliminate an Athlete on the cross country course for dangerous riding.

If not directly witnessed by the Ground Jury, the incident must be reported as soon as possible to the Ground Jury who will decide if and how to penalise the Athlete.

The President of the Ground Jury can in addition designate one or more assistants (e.g. experienced Eventing Officials who are not in an Official function at the Competition, experienced Athletes or/and trainers not directly involved in the Competition) to help to monitor possible cases of dangerous riding in the cross country.

The President of the Ground Jury will decide their specific role, authority and reporting procedure. It is recommended that these additional Officials be grouped in pairs on the Cross Country course.

525.2 Warnings and Penalties

Different cases of dangerous riding will be dealt with one of the following provisions:

- a) Recorded Verbal Warning.
- b) Yellow Warning Card.
- c) 25 penalties.
- d) 25 penalties + Yellow Warning Card.
- e) Elimination.
- f) Elimination + Yellow Warning Card.

25 penalties will count as Cross Country obstacles penalties in the results.

Any of the above sanctions applied must always be reported by the Technical Delegate to be added on the Athlete sanction list.

525.3 Elimination Before Cross Country

As a preventive risk management measure, the Ground Jury, at any time throughout the Competition, has the right and the duty to eliminate an Athlete to prevent him from starting the Cross Country Test, if there is a serious concern regarding his ability to control the Horse in that test.

Any such elimination must be associated with a recorded verbal warning or Yellow Warning Card.

526 Abuse of Horse

526.1 Definition

Abuse of Horse means an action or omission which causes or is likely to cause pain or unnecessary discomfort to a Horse included but not limited to:

- a) Rapping.
- b) Riding an exhausted Horse.
- c) Excessive pressing of a tired Horse.
- d) Riding an obviously lame Horse.
- e) Excessive use of whip, bit and/or spurs.
- f) Horses bleeding on the flank(s) or back indicating excessive use of the whip and/or spurs.

If not directly witnessed by the Ground Jury, the incident must be reported as soon as possible to the Ground Jury through the Secretary of the Organising Committee or Cross Country Control Centre as appropriate. Where possible the report should be supported by a statement from one or more witnesses.

The Ground Jury must decide if there is a case to be answered.

526.2 Warnings and Penalties

Any act or series of actions that in the opinion of the Ground Jury can be defined as abuse of Horse will be dealt with one or more of the following provisions:

- a) Recorded Verbal Warning.
- b) Yellow Warning Card.
- c) Elimination.
- d) Fine.
- e) Disqualification.

526.3 Use of the Whip

Excessive and/or misuse of the whip maybe considered abuse of Horse and will be reviewed case by case by the Ground Jury according to the following principles:

- a) The whip is not to be used to vent an Athlete temper.
- b) The whip is not to be used after elimination.
- c) The whip is not to be used after a Horse has jumped the last fence on a course.
- d) The whip is not to be used overhand, (i.e. a whip in the right hand being used on the left flank).
- e) The whip is not to be used on a Horse head.
- f) The whip is not to be used more than three times for any one incident.
- g) If a Horse skin is broken the use of the whip is always excessive.

526.4 Blood on Horses

Blood on Horses may be an indication of abuse of the Horse and must be reviewed case by case by the Ground Jury.

In minor cases of blood in the mouth, such as where a Horse appears to have bitten its tongue or lip, or minor bleeding on limbs, after investigation the Ground Jury may authorise the Athlete to continue.

527 Yellow Warning Cards

Before issuing a Yellow Warning card, the Ground Jury has the duty to hear the Athlete, if available. At any time, the Athlete has the right to seek out the Ground Jury for any explanation related to the Yellow Warning Card.

If after reasonable efforts the Athlete cannot be notified during the Period of the Event that s/he has received a Yellow Warning Card, the Athlete must be notified in writing within fourteen (14) days of the Event.

In the case of a Yellow Warning Card being issued, after the decision of the Ground Jury, a notice stating the name of the Athlete and the reason of the warning **must** be posted on the Official notice board.

Notwithstanding anything to the contrary in the General Regulations, should the same Person Responsible receive one more Yellow Warning Card at the same or any other international Event within one year of the delivery of the first Yellow Warning Card **for the same offence**, the Person Responsible shall automatically be suspended for a period of two months after official notification from FEI Secretary General.

Chapter 7 GENERAL COMPETITION RULES

The winner is the Athlete with the lowest total of penalty points from the three tests.

528.1.6 Final Classification Tie (Individual)

In the Event of equality between two or more Athletes, the classification is decided by:

- a) The best cross-country score including penalties for faults at obstacles, time penalties and any other penalty that he may have incurred on the Cross Country Test.

- c) If there is still equality, the Athlete with the best Jumping score including penalties at obstacles and time penalties.
- d) If there is still equality, the Athlete with the fastest time in the Jumping Test.
- e) If there is still equality, the classification will be decided in favour of the Athlete with the best total of collective marks in the Dressage Test.
- f) If there is still equality the tie will remain in the final classification.

528.2 Team Classification

528.2.1 Final Classification

Teams will consist of either three or four Athletes.

The winning team is the team with the lowest total of penalty points, after adding together the individual final scores of the three highest placed Athletes in the team.

For the purposes of the final team classification only, a team member who fails for any reason to complete the Competition will be awarded 1000 penalty points.

528.3.1 Positive Test(s) for Substances listed on the FEI Equine Prohibited Substance list of an Athlete or Horse (refer the FEI EADCMRs and ADRHA)

529 Declaration of Starters

The declaration of starters will take place at a time to be announced by the Organising Committee. It will be after Athletes have inspected the Cross Country and after the first Horse Inspection.

The Organising Committee may include a maximum of fifty (50) Horses per day to be judged by one Ground Jury, with an additional flexibility of maximum ten (10) percent, if agreed by the Technical Delegate and the President of the Ground Jury.

543.3 Judges Positions

Two of the three Judges must be placed along the short side, on the outside of and five metres from the arena. The president (C) shall be on the prolongation of the centre line, the other (M or H) two point fifty metres from and on the inside of the prolongation of the long sides.

The third Judge will be at either E or B, outside and five to ten metres from the arena. The three positions shall be either C, H, B or C, M, E, as determined by the Technical Delegate, taking into account the test and the position of the sun.

In the case of only two Judges they will be positioned at C and either B or E, as determined by the Technical Delegate, taking into account the test and the position of the sun.

A separate hut must be provided for each Judge. They must be raised not less than fifty (50) centimetres above the ground, in order to give the Judges a good view of the arena.

544 Scoring

544.1 Marking

544.1.1 Good Marks

Judges will award good marks from zero to ten (10) including half marks for each numbered movement and for each of the collective marks.

544.2 Calculation of Scores

544.2.1 Good Marks & Errors

The good marks from zero to ten (10) awarded by each Judge to an Athlete for each numbered movement of the Dressage Test together with the collective marks are added together deducting any error of course or test.

544.2.2 Judges Percentages

For each Judge the percentage of maximum possible good marks obtainable is then calculated. Percentage is obtained dividing total good marks and errors of the Judge by maximum possible good marks obtainable and then multiplying by 100 and rounding the result to two decimal digits. This value is shown as the individual mark for that Judge.

Rounding the result to two decimals includes any score of "x.xx5" and above is round up and any score less than "x.xx5" is rounded down.

544.2.3 Athletes Percentage

Athlete's percentage is calculated on the average good marks and errors obtained by adding together the total good marks for each Judge and dividing by the number of Judges. The Athletes percentage will always be rounded to two decimal digits.

544.2.4 Penalty Points

In order to convert Athletes percentage into penalty points, this must be subtracted from 100 and multiplied by one point five with the resulting figure being rounded to one decimal digit. The result is the score in penalty points for the test.

Rounding the result to one decimal includes any score of "x.x5" and above is round up and any score less than "x.x5" is rounded down

Note: The Eventing Rules will not line up with the Dressage modifications, and maintains the 2015 ruling on error penalties for the Eventing Dressage Test.

1st time	Two (2) points
2nd time	Four (4) points
3rd time	Elimination
Other errors:	Two (2) points per error to be deducted

Chapter 9 CROSS COUNTRY TEST

545 Rules Governing the Cross Country Test

545.1 Starting

545.1.1 Starting Procedure

Athletes at the start of the Cross Country must be under the control of the starter and may not deliberately start until instructed to do so, under penalty of elimination at the discretion of the Ground Jury.

The Horse does not have to stand absolutely immobile, but the Athlete must not get any advantage from a flying start.

Each Athlete should be given reasonable warning before the time he is due to start, but it is the Athlete's responsibility to ensure that he is ready to start at the correct time.

545.1.2 Starting Box

In order to simplify the task of the starter, an enclosure approximately five meters per five meters will be built at the start of the Cross Country, with an open front through which Horses will start and a gap in one or both sides from which the Horses will enter.

Each Athlete must start from within the enclosure and is at liberty to move around and through the enclosure as he pleases.

An attendant may lead the Horse into the enclosure and may hold the Horse until the signal to start is given. From that instant, the Athlete is considered to be on the course and no further assistance may be given.

545.2 Optimum Time and Timing

545.2.1 Optimum Time / Time Limit

The distance chosen, carried out at the chosen speed, gives the optimum time. Completing in less than the optimum time is not rewarded. An Athlete exceeding the optimum time will be penalised in accordance with art. 548.2 up to the time limit.

The time limit is twice the optimum time.

545.2.2 Timing

Each Athlete will be timed on the Cross Country Test from the moment the signal to start is given or from the moment he crosses the starting line which ever happens first to the moment he crosses the finishing line.

If an Athlete is stopped by an Official, e.g. for a broken fence, accident, being overtaken, for medical or veterinary examination, etc., the time during which he is prevented from continuing until he is cleared to start will be recorded and deducted from the total time taken to complete the Cross Country Test.

545.3 Error of Course

All compulsory passages on Cross Country and all obstacles, including all elements and/or options, must be passed or jumped in order under penalty of elimination.

All red or white flags must be respected wherever they occur on course under penalty of elimination except as provided in art. 549.4.

Retaking an obstacle already jumped is forbidden, under penalty of elimination, except as provided for in art. 549.4.

545.4 Pace and Dismounting

Between the start and finish of the Cross Country Test, Athletes are free to choose their own pace.

Athletes may voluntarily dismount without incurring elimination according to art. 549.5.1 to check on Horse, adjust saddlery or equipment, or when held on course.

545.5 Overtaking

Any Athlete who is about to be overtaken by a following Athlete must quickly clear the way.

Any Athlete overtaking another Athlete must do so only at a safe and suitable place.

When the leading Athlete is before an obstacle and about to be overtaken, he must follow the directions of the Officials.

When the leading Athlete is committed to jump an obstacle, the following Athlete may jump that obstacle only in such a way that will cause no inconvenience or danger for either.

545.6 Athlete in Difficulty

If, in attempting to negotiate an obstacle, a Horse should be trapped in such a way that it is unable to proceed without assistance or is liable to injure itself, the Athlete will be instructed by the fence Judge to dismount and will be eliminated.

The fence Judge will decide if parts of the obstacle need to be dismantled or if any other assistance needs to be given to extricate the Horse.

545.7 Stopping Athletes

If any part of an obstacle is obstructed by an Athlete in difficulty, or if any obstacle has been dismantled to release a fallen Horse, or if an obstacle has been broken and is not yet rebuilt, or in any other similar circumstances, subsequent Athletes must be halted.

In such a case, an Official should be posted in the path of the oncoming Athlete. He shall wave a red flag, which indicates that the Athlete must stop.

Failure to stop is penalised by elimination at the discretion of the Ground Jury.

The Official will stop Athletes only upon the instruction of the Control Centre or during an emergency at his own obstacle.

Athletes may be stopped on the course at obstacles or at designated timing/stopping points.

545.7.1 Timing

The time during which the Athlete was stopped, from the moment he passed the timing point until he passes that same point after being given the order to restart, will be recorded and it will be deducted from the total time taken by the Athlete to complete the course.

It is clearly intended that the time shall be taken as the Athlete gallops past the timing point, not after he halts nor after a start from the halt.

545.8 Leaving the Course After Elimination

An Athlete eliminated for any reason must leave the course at once and has no right to continue. The Athlete must walk his Horse off the course, either mounted or dismounted.

Athletes who fail to comply will be disciplined at the discretion of the Ground Jury in accordance with Art.525 (Dangerous Riding).

546 Courses

546.1 Marking

546.1.1 Red or White Boundary Flags

Red or white boundary flags shall be used to mark the starting and finishing lines, to mark compulsory passages, and to define obstacles. They are placed in such a way that an Athlete must leave a red flag on his right and a white flag on his left.

546.1.2 Numbers and Letters

Each obstacle on Cross Country shall be numbered. Obstacles with elements or options (art. 547.5.1) shall, in addition, be lettered (A, B, C, etc.). Each compulsory passage shall be marked and numbered consecutively.

546.1.3 Start and Finish Signs

In addition to the red or white boundary flags, the starting and finishing line shall also be marked by distinct signs.

546.2 Distances and Speeds

The distances and speeds demanded for the different levels are determined by the intended difficulty of the whole test.

Course Designers, within the limits shown in Table of Distances, Speeds, Times and Jumping Efforts for the relevant level of Competition see Annex B table Distances, will choose the most suitable distance for the specific Competition.

Any exceptional modification to the distances and speeds specified in Annex B table Distances must be approved by the Eventing Committee, except as provided for in Art. 537.2.

546.3 Finishing Lines

The last obstacle of Cross Country shall be not less than 20 metres no more than 50 metres from the finishing line.

546.4 Course Plans

Each Athlete will be given in advance a plan showing the track of the course.

The course plan must include the following:

- a) The position of the start and finish
- b) The numbered obstacles and compulsory passages
- c) The distance
- d) The optimum time and time limit

547 Obstacles

547.1 Definition

An obstacle is considered as such if and only if its extremities are marked with a red and white flag or flags and it is numbered and/or lettered accordingly. All significant jumping efforts that the average Horse may be expected to attempt to negotiate must be defined as an obstacle or element and flagged, numbered and/or lettered accordingly.

547.2 Type of Obstacles

547.2.1 General

The obstacles must be fixed and imposing in shape and appearance. When natural obstacles are

used, they should, if necessary, be reinforced so that they remain in the same state throughout the test. All reasonable precautions must be taken to prevent the possibility of an Athlete being able to pass mounted under an obstacle. Portable fences must be secured to the ground in a way that they have no possibility to move if hit by a Horse.

547.2.2 Construction

The obstacles at which a Horse, in falling, is likely to be trapped or to injure itself, must be built in such a way that part of the obstacle can be quickly dismantled and can be quickly rebuilt exactly as before. Such a construction must not in any way detract from the solidity of the obstacle.

547.2.3 Brush

Brush on top of fences must be made of flexible and deformable material. The fence must be constructed so that a Horse clearing the fixed and solid part is unlikely to be injured by the brush or hedge. Bullfinches, i.e. thin brushes or hedges through which a Horse can be expected to jump are permitted, provided they can be maintained in consistent condition throughout the test.

547.2.4 Frangible/Deformable Obstacles

Obstacles can be provided with frangible/deformable technology only if such technology has been approved by the FEI according to the FEI Standard for the minimum strength of frangible/deformable cross country fences. A list of approved technologies is published on the FEI website.

547.2.5 Water Crossings

In all water crossings the bottom should be firm and consistent.

547.3 Dimensions

The dimensions of obstacles must be within the limits shown in the Table of Obstacle Heights and Spreads for the relevant level of Competition see Annex B table Dimensions.

547.3.1 Fixed Part

The fixed and solid part of an obstacle may not exceed the specified height or spread at any of the points at which an Athlete might reasonably attempt to negotiate the obstacle.

547.3.2 Brush

The overall height and the height of the solid part of a hedge or brush fence must never exceed the relative dimension set in the Table of Obstacle Heights and Spreads for the relevant level of Competition see Annex B table Dimensions.

547.3.3 Water

At obstacles involving water crossings (ford, lake or wide river), the depth of water, from the entrance to the exit must not exceed 35 centimetres. The length of any water crossing must be at least six meters between entry and exit, except where an exit step(s) or fence is jumped directly out of the water, in which case the minimum length must be nine meters.

547.3.4 Obstacles with Spread Only

At an obstacle with spread only (dry or water filled ditch), a guard rail or hedge in front that facilitates jumping is permitted. It may not exceed 50 centimetres in height and must be included in the measurement of the spread.

547.3.5 Drops

At 1 star level, no drops over 160 centimetres are permitted. At 2, 3 & 4 star level drops with a flat landing exceeding 160 centimetres are limited to two.

547.4 Measurement

547.4.1 Height

The height of an obstacle is measured from the point where the average Horse would take off.

547.4.2 Spread

The spread of an open obstacle (e.g. oxer or ditch) is measured from the outside of the rails or other material making up the obstacle. The spread of a closed obstacle with a solid top (e.g. Tables) is measured from the highest point to the highest point.

547.4.3 Drop

The drop on the landing side of an obstacle is measured from the highest part of the obstacle, including from the top of a brush fence, to the point where the average Horse would land.

547.4.4 Natural Obstacles

When the height of an obstacle cannot be clearly defined (e.g. natural hedge, bullfinch), the height is measured to the solid part of the obstacle through which a Horse cannot pass with impunity.

547.5 Obstacles with Elements and/or Options

547.5.1 Obstacles Composed of Several Elements

If two or more jumping efforts, sited closely together, are designed as one integral test, they will be designated as "elements" of a single numbered obstacle. Each element will be marked with a different letter (A, B, C, etc.) and must be negotiated in the correct order.

Where two or more jumping efforts are sited so closely together that after a refusal or run out it would be unreasonably difficult to attempt to negotiate the second or subsequent effort without retaking one or more earlier efforts, these jumping efforts must be designated as one numbered obstacle and lettered accordingly.

547.5.2 Obstacles with Alternatives

Where an obstacle may be jumped in one effort but has alternatives involving two or more efforts, each of these alternatives must be lettered or numbered as an element.

547.5.3 Black Flagged Alternatives

Alternative obstacles or elements may be flagged separately and must be identified by the same number/letter as on the direct route. In this case, both sets of flags must be marked with a black line.

547.6 Number of Jumping Efforts

The total number of jumping efforts shall be within the limits (minimum and maximum) shown in the Table of Distances, Speeds, Times and Jumping Efforts for the relevant level of Competition see Annex B table Distances.

The efforts to be counted are the efforts on the route expected to be taken by the average Horse.

548 Scoring

548.1 Faults at Obstacles

Fault	Penalty
First refusal, run-out or circle	20 penalties
Second refusal, run-out or circle at the same obstacle	40 penalties
Third refusal, run-out or circle on XC Course	elimination
Fall of Athlete or Horse on Cross Country Course	elimination
Activating a frangible device	11 penalties ^{1*}
Dangerous Riding	25 penalties
Jumping outside the flag	50 penalties

^{1*}Each Athlete activating a frangible device will be awarded 11 penalties whenever the activation occurs as expected (i.e. activation by significant pressure exerted by the Horse which modifies the dimension of the fence).

In the case of unexpected activation (i.e. activation by an insignificant contact), the Ground Jury will be called to evaluate the possible removal of the penalty.

In evaluating the possible removal of the penalty the Ground Juries are not called to investigate if the Horse would have fallen or not or if the contact was with the front or hind legs, but only if an unexpected activation occurred through a light tap. This is the only case where penalties can be removed.

In line with the GRs (Art 159), there will be no Appeal against a decision of the Ground Jury arising from the field of play, where the Decision is based on factual observation of the performance during a competition.

In this case a detailed report explaining the reasons for removing the penalty must be produced by the Course Designer/Technical Delegate and signed by the President of the Ground Jury must be returned to the FEI.

548.2 Time Faults

Fault	Penalty
Exceeding optimum time	zero point four (0.4) penalty per commenced second
Exceeding time limit	elimination

548.3 Additional Reasons for Elimination

548.3.1 Compulsory Elimination

Elimination must be applied in the following cases:

- a) Competing with improper saddlery (art. 539).
- b) Error of course not rectified (art. 545.3).
- c) Omission of obstacle or compulsory passage (art. 545.3).
- d) Jumping or incurring a fault at an obstacle in the wrong order or passing through a compulsory passage in the wrong order (art. 545.3).

- e) Jumping an obstacle in the wrong direction (art. 545.3).
- f) Retaking an obstacle already jumped (art. 545.3).
- g) Athlete in difficulty (art. 545.6).

548.3.2 Ground Jury Discretion

Elimination is left to the discretion of the Ground Jury in the following cases:

- a) Dangerous riding (art. 525).
- b) Abuse of Horse (art. 526).
- c) Deliberately starting before being given the signal to start (art. 545.1.1).
- d) Jumping or attempting to jump any obstacle without headgear, or with an unfastened retention harness (art. 538.1.1).
- e) Wilful obstruction of an overtaking Athlete, or failure to follow the instructions of the Officials while being overtaken (art. 525).
- f) Causing danger to another Athlete while overtaking that Athlete (art. 525).
- g) Failure to stop when signalled (art. 545.7).
- h) Unauthorised assistance (art. 540).

549 Definition of Faults

The following faults at obstacles (refusal, run-out and circle) will be penalised unless, in the opinion of the relevant Official, they are clearly not connected with the negotiation or attempted negotiation of a numbered obstacle or element.

In the case of black flag alternatives only one obstacle/element has to be jumped and an Athlete is permitted to change without penalty from one black flagged line to another (e.g. jumping 6a left hand route then 6b right hand route) provided he has not presented his Horse at the next element of the original line.

In the case of black flags alternatives the faults at obstacles (refusal, run-out and circle) will only be penalised if related to the obstacle/elements attempted or negotiated (elements not attempted or negotiated will be irrelevant for the judging of such alternatives).

549.1 Refusal

549.1.1 Obstacles With Height

At obstacles or elements with height (i.e. exceeding 30 centimetres), a Horse is considered to have refused if it stops in front of the obstacle to be jumped.

549.1.2 Obstacles Without Height

At all other obstacles (i.e. 30 centimetres or less in height) a stop followed immediately by a standing jump is not however penalised, but if the halt is sustained or in any way prolonged, this constitutes a refusal. The Horse may step sideways but if it steps back, this is a refusal.

549.1.3 Multiple Refusals

After a refusal, if an Athlete redoubles or changes his efforts without success, or if the Horse is represented at the obstacle after stepping back and stops or steps back again, this is a second refusal; and so on.

549.2 Run out - missing a flag

A Horse is considered to have run out if, having been presented at an element or obstacle on the course, it avoids it in such a way that either the head, neck or either shoulder of the Horse fail to pass between the extremities of the element or obstacle as flagged.

In case the Horse has clearly attempted to jump the element or obstacle and may have missed

a flag, the athlete can choose:

- a) To represent (accepting automatically 20 penalties), **or**
- b) To continue on course incurring 50 penalties (**no elimination**) in case the element or obstacle was not correctly cleared.

Note: "A Horse will be considered to have cleared the fence when head, neck and both shoulders of the Horse pass between the extremities of the element or obstacles as flagged"

549.2.1 Change of Intention

An Athlete is permitted to change his mind as to where he jumps an obstacle or element at any time, without penalty, including as a result of a mistake at a previous obstacle or element. If, however, the Horse avoids part of the obstacle at which it has been presented, he will be considered to have run out.

549.2.2 Judging of Bounce Obstacles

At any obstacle where the distance between elements is 5 meters or less (i.e. a "bounce"), when a Horse has negotiated the first element without penalty, he will be deemed to have been presented at the second element and similarly if the "bounce" is for example the second and third elements of a combination. Thus if an Athlete "changes his mind" while negotiating the first element of a "bounce" and , for example, then goes a longer route, he will still be penalised 20 penalties for a run-out.

549.3 Circle

549.3.1 Separately Numbered Obstacles

At separately numbered obstacles, an Athlete may circle between or around them without penalty provided he has not presented his Horse at the second or subsequent obstacles.

549.3.2 Obstacles Composed of Several Elements

At an obstacle composed of several elements (A, B, C, etc.) a Horse will be penalised if it passes around the back of the subsequent element or circles between subsequent elements.

549.4 Representing After a Disobedience

After being penalised for a refusal, run-out or circle, an Athlete, in order to make another attempt, is permitted to circle one or more times without penalty, until he again presents his Horse at the obstacle.

At an obstacle composed of several elements if the Athlete refuses, runs out or circles at any element, he is permitted to retake any elements already jumped, although he is liable to be penalised for any fault even if he has previously jumped an element successfully.

If after a refusal, run-out or circle, he wishes to pass through flags in the wrong direction in order to retake an element, he may do so without penalty.

549.5 Fall

549.5.1 Athlete

An Athlete is considered to have fallen when he is separated from his Horse in such a way as to necessitate remounting.

549.5.2 Horse

A Horse is considered to have fallen when, at the same time, both its shoulder and quarters have touched either the ground or the obstacle and the ground or when it is trapped in a fence in such a way that it is unable to proceed without assistance or is liable to injure itself.

Chapter 10 JUMPING TEST

550 FEI Jumping Rules

The FEI Jumping Rules apply for the Eventing Jumping Test except where otherwise provided in these Eventing Rules. Any modification introduced to the FEI Jumping Rules during the year will be evaluated for inclusion in these Eventing Rules from 1st January the following year.

551 Object

This test is similar to an ordinary Jumping Competition, but without any attempt to find a winner of this test on its own. Its main objective is to prove that, the Horse and Athlete are well trained in the specialist discipline of Jumping.

The nature of the course, its length, the speed demanded and the dimensions of the obstacles will be in accordance to the level of the Competition.

552 Course and Obstacles

Within the limits shown in Jumping Annex C, the Course Designer is free to plan a track suitable to the level of the Competition.

The dimensions of the obstacles shall not exceed the limits shown in Jumping Annex C. At least two thirds shall be of maximum height for the level offered.

A tolerance of five centimetres in height is acceptable, if dictated by the terrain or by the spacing of the cups as authorised by the FEI Jumping Rules.

552.1 Type of Obstacles

The obstacles will be standard Jumping obstacles.

The obstacles should have a balance of vertical and spread obstacles and shall include two or three doubles or a double and a treble.

Closed combinations are not permitted. A water jump is not permitted, but a water ditch with rails over is allowed.

FEI approved safety cups must be used as support for back poles of spread obstacles, and in the case of a triple bar, to support the centre and back pole of the obstacle.

Alternative obstacles are permitted. These jumps are to be marked on the course plan with the same number and with the word "Alternative".

553 Scoring

553.1 Faults at Obstacles

Fault	Penalty
Knocking down an obstacle	4 penalties
First run-out, refusal or unauthorised circle in the whole test	4 penalties
Second run-out, refusal or unauthorised circle in the whole test	elimination
Fall of Athlete or Horse	elimination

553.2 Time Faults

The length of the course and the speed demanded determine the time allowed.

Completing the course in less than the time allowed is not rewarded, but exceeding the time allowed is penalised by one penalty for each commenced second in excess of the time allowed, up to the time limit, which is twice the time allowed.

Exceeding the time limit involves elimination.

Annex D Medical Services

Recommendations for Medical Services at FEI Competitions

1 Medical Attendance at Event

The on-site provision of medical care must be available during the hours of the Competition and must include the training areas, stables and on-site accommodation.

First aid must also be provided for spectators during the hours of Competition.

A qualified physician with Advanced Trauma Life Support certification ("ATLS"), a paramedic with Pre-Hospital Trauma Life Support (PHTLS) or International Trauma Life Support ("ITLS") certification, or a nurse with Trauma Nurse Core Curriculum ("TNCC") or the equivalent of any of the above in the country in which the Event takes place (hereinafter a "Pre-Hospital Trauma Care Specialist") must have credentials allowing access to the entire facility at all times including the stable area and finish area during Competition.

2 Chief Medical Officer

A Chief Medical Officer, suitably experienced and with local knowledge must be appointed well in advance, to act in liaison with the Organising Committee and the emergency services for the adequate provision of medical resources.

A meeting of medical officers or delegates should be held at the Cross Country venue to familiarise them with the Event plan and services available by the host physicians or the Pre-Hospital Trauma Care Specialist in case of emergency.

A list of phone numbers of medical officers for each team should be obtained at every Competition.

For teams with no physician, the physiotherapist, or trainer, or lay person designated as a contact in the Event of a medical emergency should give a contact phone number to the host physicians or the Pre-Hospital Trauma Care Specialist.

3 Cross Country and Jumping Test

During the Cross Country and Jumping Test, a fully equipped Pre-Hospital Trauma Care Specialist with trauma and resuscitation skills must be available on site and must have the capability of rapid deployment to any part of the arena or course in adverse conditions.

Radio communication must be made available to alert the emergency services and a telephone line or cell phone must be reserved for immediate communication with the designated accident and emergency hospital.

The Cross Country Test will require Pre-Hospital Trauma Care Specialist. The required number will depend on the layout of the courses and the accessibility of the site. However, there must be at least one Pre-Hospital Trauma Care Specialist present throughout all the tests.

A Medical Centre or ambulance should be established on site during Competition hours for the treatment of minor ailments and for the observation and initial treatment of serious injuries or illness.

Rapid routes for access and departure must be prepared and safeguarded for the expeditious transfer of the seriously injured to the hospital.

Depending on the access to the site and the distance to hospital, helicopter evacuation may be required. A suitable landing area should be provided for the helicopter ambulance.

If an Athlete falls at a Competition, he will not be allowed to continue without a medical assessment, even if the Athlete has no obvious injury. Frustrated Athletes who fall and then refuse medical attention create an issue for the host medical service providers.

Athletes have the right to refuse treatment, but not the right to compete with injuries that may be undetected.

Annex E Organising Requirements for Eventing 4 star Level Events

Four star level Events are believed to be the pinnacle of the sport representing Eventing on the world stage and as such it is felt that there should be some guidelines for potential OCs to ensure that the image of the sport and the presentation of the Event are of the highest possible quality.

The FEI will only recognise a few Events at this level and this recognition will be subject to some strict criteria.

- a) Before being awarded an Event of four star level status the Organising Committee must have run, at the venue, a lower level international Eventing Competition of at least Three star level, and demonstrated the ability to stage an Event of the highest level.
- b) Application from the host National Federation to the FEI to stage a Four star level Event must to be accompanied by a proposal including detailed information about the venue (access, facilities, etc) and the suitability of the footing, the Organising Committee, the financial viability (including proposed levels of sponsorship income), budget and cash-flow, local accommodation availability, and proposed level of prize money.
- c) The Organising Committee must have a proven track record of success. A business plan must be presented.
- d) Details in regard to the Organising Committees Broadcast strategy must be provided as well as expressions of interest in regard to Broadcast coverage.
- e) The venue needs to be approved by an FEI appointed Delegate, who will visit the proposed Event at the OC's/National Federation's expense
- f) The National Federation will be responsible for supporting the application and overseeing the success of the Event, and a representative of the National Federation must be included in the Board of the Organising Committee.
- g) Minimum level of prize money: € 100'000.
- h) Mandatory CCTV for public, Athletes, owners and the Ground Jury and for safety reasons.
- i) The proposal must include the proposed Course Designers that must be a 3&4 star Course Designer. The Course Designer in question must support the proposal and guarantee that the venue is suitable for the Four star level.
- j) An all weather dressage arena is strong recommended.
- k) Dates must fit in to overall Eventing calendar, not clash with any major Event and be consistent from year to year in order to allow the other Events to position themselves in consequence.
- l) Application shall be sent to the FEI by July the year preceding the Event applied for.
- m) The Event has to be approved by the FEI Eventing Committee who reserve the right to ask for as much information as is considered necessary. The FEI Eventing Committee also reserves all rights to not accept the Four star denomination request of any Organiser.
- n) A review committee composed of representatives of the FEI Eventing Committee, FEI Delegate and the FEI Secretary General will assess existing Four star level Events on a yearly basis. Should any Event not fulfil requirements it will be possible to re-evaluate the star level.

NOTE: 2012 Annex 9 "Directives For One & Two Star CCI/CIC with Several Sections for the Same level in Regard to Ground Juries" included in text under appointment of Officials

Annex F Consultation with Athletes

1 Appointment of Athlete Representative

Prior to the Athletes' first opportunity to inspect the Cross Country course every Organising Committee of an international Event must appoint an Athlete Representative from among the Athletes taking part in the Competition having first obtained that Athlete's consent.

This Athlete Representative has the task of acting as a channel of communication between the Athletes and the Officials on any matter directly connected with the Event without in any way removing the right of any Athlete to speak to the Organising Committee, Technical Delegate, Ground Jury, or Course Designer. The name of this Athlete must be notified to the Athletes at the briefing if one is held or posted prominently on the Event notice board if no briefing takes place.

2 Chairman of Arbitration and Investigation Panel

The Organising Committee will appoint prior to the start of the Competition the Chairman of an Arbitration and Investigation Panel (see point 9 below).

3 First meeting of Athletes called by the Athlete Representative - 1st Horse Inspection

At the end of the day on which the First Horse Inspection is held there will be a meeting of all Athletes should they so wish to be called by the Athlete Representative. The Technical Delegate and representative of the Organising Committee should attend although not the Ground Jury unless specifically requested by the Technical Delegate, Organising Committee or the Athlete Representative.

4 Second meeting of Athletes called by the Athlete Representative - after 1st day of Dressage Test

If the Event is a Long Format Competition (CCI) with two days of Dressage the Athlete Representative has the right, if there are any concerns amongst the Athletes, to ask for an Athletes' meeting to take place at the end of the first day of Dressage to discuss major issues concerning the obstacles on the course and/or the distances of the course.

This meeting must be attended by the Ground Jury, Technical Delegate, Course Designer, and a senior representative from the Organising Committee (If there are no issues the Athlete Representative may advise the Technical Delegate who will contact the Organising Committee and the Ground Jury and cancel the meeting).

5 Meeting Minutes

At this meeting any such issues must be recorded in writing (the Technical Delegate & Athlete Representative have this responsibility) and the response of the Ground Jury also recorded in writing and signed by the President of the Ground Jury and the Athlete Representative.

6 Additional Athlete Representative

At this stage the Athletes may appoint two additional people (to join the already appointed Athlete Representative) as Athlete Representative's to continue the discussions with the Officials and the Organising Committee. These additional two people can be anyone that the Athletes choose and do not necessarily have to be competing at the Competition.

7 Final Athletes Meeting of the Athletes before the Cross Country

A further and final Athletes' meeting, attended, as before, by all the Officials and a representative from the Organising Committee, is now required.

Ahead of this meeting the written response by the Ground Jury to any written concerns of the Athletes raised the previous evening shall be given to the Athlete Representative's. At this meeting any final briefing of the Athletes will take place.

If the Athletes are still dissatisfied with the decisions of the Ground Jury a vote will be taken. This should be a secret vote and the Organising Committee should assist the Athletes in conduct of the meeting. The issue to be voted on is "Do you accept the responses of the Event Officials, or should they be referred to the Arbitration and Investigation Panel for final decision?"

If a majority of the Athletes actually taking part in the Competition (50 percent plus one) so agree the outstanding issue(s) will be referred immediately to the Arbitration and Investigation Panel for a final decision against which there will be no appeal.

At this meeting any such issues must be recorded in writing (Technical Delegate & Athlete Representative responsibility) and the response of the Arbitration and Investigation Panel also recorded in writing and signed by the Chairman of the Arbitration and Investigation Panel and the Athlete Representative.

8 Athletes Briefing

The usual Athletes briefing on routine matters to do with last minute changes due to meteorological conditions, ground, etc must still take place on the evening before the Cross Country Test. In case of dispute on such issues, the procedure with the Arbitration and Investigation Panel is available for use.

9 Arbitration and Investigation Panel

The Arbitration and Investigation Panel will consist of three people appointed on the first day of the Event by the Organising Committee in conjunction with the Athlete Representative.

The Arbitration and Investigation Panel shall include: (a) a non-competing current or recent Athlete experienced at the level of the Event, (b) an FEI qualified Official, and an independent person experienced in the sport who is not involved in any way with the Event, e.g. an Organiser.

If such people are not available at the Event, after reasonable efforts to engage them, the Organising Committee, in consultation with the Technical Delegate and the President of the Ground Jury, must appoint an Arbitration and Investigation Panel of similarly experienced people likely to have the confidence of both the Athletes and Officials alike.

Any one of these three people can be appointed as President of the Arbitration and Investigation Panel. The President or a member of the Appeal Committee may be appointed to this Arbitration and Investigation Panel if suitably qualified.

10 Events with only 1 day of Dressage

At a Competition with only one day of Dressage it will be necessary to modify the above procedure. In these circumstances the above timetable may be compressed and/or certain steps omitted but the most important principles must be retained, i.e.:

- a) Concerns and responses recorded in writing.
- b) The opportunity for Athletes to vote if dissatisfied.
- c) Final decision by the Arbitration and Investigation Panel, provided a majority of starters so request.

The above procedure for consultation with Athletes will not apply for Championships, Team Events, Young Riders or Juniors Events (Athlete Representative replaced by Chef d'Equipe)
