SCHEDULE ONE - NON-RACIALISM

1. The principle of non-racialism is recognised and accepted. By this it is meant, broadly, that race should not be, and may not be, a basis of discriminating against or affording privilege to any person or group of persons. (Note: In this document all references to "race" must be taken to include a reference to ethnicity and nationality).
2. It follows from this that no club, province or other affiliated body may have any provision in its constitution which has the effect of barring membership on the grounds of race.
3. A provision in a constitution which though not worded in racial terms none the less is calculated to discriminate on grounds of race and which would have the effect of discriminating on grounds of race shall be regarded as an infringement of 2 (Two).
4. The principle of non-racialism also demands that all clubs, provinces and other affiliated bodies shall, when the situation legitimately requires it, make all their facilities available to persons other than their members on an equal basis irrespective of the race, ethnicity or nationality of such persons; eg. when hosting an event and such non-members are legitimately at the premises of the club or other body in connection therewith.
5. The fundamental rights of freedom of association and freedom of disassociation are recognised. It is also recognised that these rights are fundamental to the formation of and existence of the private club which is the basic building block of a national or provincial sports controlling body.
6. There is inherently a potential conflict between the rights referred to in 5.(Five), and the principle of non-racialism referred to in 1.(One), and it is considered desirable to indicate how such potential conflicts are to be resolved.
7. The following are suggested guidelines as to how to reconcile these principles in practice:
 - 7.1 A constitution which admits any person to membership except persons of any particular racial or ethnic group shall be regarded as infringing the principles of non-racialism and shall not be regarded as a valid exercise of the rights of freedom of association/disassociation (Cf. para 2 above).
 - 7.2 A constitution may limit its membership to persons who fulfil certain criteria notwithstanding that the result thereof is that its members in fact consist only of one (1) or more racial groups, provided that those criteria are not racist in their terms or in their intended effect e.g. a club which restricts its membership to persons who attend a certain school shall not be regarded as infringing the principle of non-racialism even though de facto its members may, as a result, come from a certain racial group only. Other examples of the application of this principle are clubs whose membership is limited to persons of a particular vocation or of a particular religious movement.
8. Under no circumstances will an infringement of 4. (Four) above be tolerated or permitted on the grounds that it constitutes an exercise by the club or affiliated body concerned of its rights of freedom of association and/or disassociation.

9. The existence of the so called "ethnic" clubs are perceived to be problematical and require deeper analysis.
- 9.1 Various such clubs exist at the moment e.g. the Greek Club, the Italian Club, the German Club and so on. The existence of such clubs is a well established and recognised phenomenon in the countries of the United Kingdom, Western Europe and the U.S.A. It is clear that such clubs are not the result of the policy of apartheid, but arise from the desire of peoples of different origins and cultures to group together to enjoy and foster their own cultural traditions.
- 9.2 What is said below is a discussion in general terms and is not a reference to any 1. (one) or more of such ethnic clubs which in fact exist. Such clubs appear to have been formed with the bona purpose of catering for the cultural needs or aspirations or interests of the particular ethnic group which it serves. There does not appear to be any ulterior racial motive.
- 9.3 If the constitution of such a club were to restrict its membership to persons of a particular ethnic group (or race or nationality), it would by necessary implication, be excluding persons from all other ethnic groups/races/nationalities from membership.
- Prima facia this would be an infringement of paragraph 2(Two) above. The question which has to be decided is whether, in these circumstances, this constitutes a valid exercise of the rights of freedom of association and disassociation, notwithstanding that it amounts to an infringement of 2(Two), above (Cf. also 7.1 above). It is considered that this would not be acceptable and that any club having a constitution along those lines would not be eligible for membership of the proposed new unified national body or any provincial body.
- 9.4 By contrast, however, a club which had as its main object the promotion, advancement, propagation etc. of the culture, traditions etc. of any particular race or nationality, but which did not seek to exclude or limit membership on those grounds would be regarded as legitimate and would be eligible for membership.
10. The principles and guidelines set out above with regard to non-racialism shall apply equally in respect of religion and discrimination on the grounds of a person's religious beliefs.
