

28 July 2016

Mr. Andre Truter
The President
SAEF

c.c Mubarak Mahomed

Thank you for your letter dated 19 July 2016, the contents of which are noted. We are encouraged by your intent to resolve your affairs internally and we are in agreement that deregistration is not the solution right now. However it must be noted that we were called upon by your federation since 2011 to assist in resolving disputes and the intervention of Mr Mubarak Mahomed on behalf of SASCOC cannot continue indefinitely.

You highlight in your letter that in general, at ground level the sport is operating as normal. By implication it can safely be assumed that the problems of the SAEF is with administrators and not the athletes, and SASCOC's principle is athletes come first. Therefore we are affording you the opportunity to resolve all your problems as SASCOC is running out of patience, failing which SASCOC will have to take a decision in the best interest of our athletes.

Furthermore on the question of protocol we agree that all communication between SAEF and SASCOC will be via you as President and me as CEO of SASCOC. Please advise your membership of this protocol and request them to respect the same and refrain from communicating with Mr. Mubarak Mahomed or any other member of SASCOC other than myself.

With Kind regards

Mr. Tubby Reddy
CEO: SASCOC
