Dear Presidents and members of Equestrian

There have been a lot of talks about deregistration lately. While this threat was real, I have spent a lot of time explaining our situation to the SASCOC CEO, Mr. Tubby Reddy. I have managed to convince SASCOC that deregistration would not be in the best interest of the sport, that it would hurt the sport and more specifically, the athletes.

As you can see from the attached letter their patience is wearing thin with us and we need to get our act together. SASCOC have been overrun with mails and calls from ordinary members of Equestrian. While Mr. Mubarak Mahomed allowed a 14-day period for members to communicate with him directly, that time has come and gone.

From now everyone will follow protocol, as explained in the letter from Mr. Reddy. I ask one and all to honor it. This counts for every single person from ground level to top structures. Those who choose not to follow protocol will be dealt with accordingly. You need to follow the official route via your club to your DA, from DA to SAEF and if needed from me to Mr. Reddy.

It is time that everyone put their private agendas and issues aside and get on with running and promoting their sport. This ongoing, perceived power struggle, must come to an end and we need to concentrate on our athletes and the sport.

Kind regards

Andre Truter
