NOTICE: RELEASE OF THE NEW EVENTING SA ONLINE SYSTEM

Dear Members

For the last 5 months ESA have been developing the new version 2 of the online system. The scheduled release date for the new system will be the 2nd January 2017. The current ESA system will shut down on the 11th December 2016 and will not be accessible while we migrate all the data to the new system. Once the new system launches on the 2nd January 2017 all members will be required to perform 4 tasks once logged in.

1. All linked riders will no longer exist, please re-link riders to horses. The system has changed and will display all horses and riders on the link rider page, linking via ID numbers will no longer be a requirement.
2. All rider and horse / pony memberships will be blank, you will be required to go to view riders and view horses / ponies and update your membership types. Your membership invoices for the year 2017 will then be generated, all recreational members will no longer receive a zero invoice for allocation.
3. Please go to riders and members and update your addresses and contact information, specifically correcting the province you live in. This is very important.
4. Please update your club membership information, there will be a drop down list with all the registered clubs, if you do not find your club in the list, please inform support@eventingsa.co.za

The new ESA system will be released with the following enhancements and features:

- No more zero balance invoices for recreational members.
- Inclusion of SANESA results and qualifying results for all SANESA events run under Eventing SA events. All SANESA riders that are paid members of ESA will be eligible for provincial selection and will carry through all qualifying results from SANESA events, which will be recognised by ESA for ESA championship classes.
- Online payments when entering certain shows. When entering certain shows that have requested this feature, you will be taken to a secure payment gateway where you can select to pay your entry via cheque card, debit card, credit card or instant EFT.
- A brand new scoring and online results system that will be standardised nationwide providing live scoring results at all ESA run events.
- Simplifying the linking of riders to horses, providing the complete list to select from.

- A results and performance database, where anyone will be able to search for results based on riders, horses or events.
- A mobile friendly system which is compatible with all types of phones and tablets, including Mac and Iphone.
- **MEMBERSHIP/REGISTRATION FEES FOR EVENTING 2017**
All rider SAEF fees are to be paid directly to SAEF through their payment portal.
