# Chairpersons report

2018 has been a challenging year for Sunshine Coast. On a good note we obtained permission from Bay West to utilise land primarily used for bicycle track riding to extend our SC courses which is fabulous. On the down side there is an informal settlement in the area who help themselves to any of our fences out there that are portable as well as any décor, flag pole conduit, plants etc., which they have use for. They also trespass onto PX land helping themselves to dressage or jumping poles and anything metal that they can sell. This in turn increases security costs over show weekends and additional labour to pack everything back into the containers asap after the show. Our Judges box also "lost" its door and roof. There was also a small problem with the farmer on whose land we have the water complex and other fences not allowing us to open a portion of the fence on Baywest side so we have had to design xc tracks to leave and return through the opening on PX side.

Throughout the year we ran various practice jumping and practice dressage as well as a few beginner showing events all ungraded. Although not fantastically supported, those that made the effort had fun and we made a few rands to add to our coffers. We have a lot planned for next year and are going to be offering riders graded classes across the board. We need teams for Eventing Inter-provincials in George in June so there will be lots of opportunity for riders to get their QR's and be therefore be eligible for team selection.

This 2018 EC Champs is going to be fabulous! Firstly I would like to thank our fantastic sponsors – you all make such a huge difference to our sport. THANKYOU

Although not well supported this year (not even one 1m Entrant) possibly due to Matric as well as school exams and SA Showjumping Champs at Sunera the following weekend, every effort has been made from all Committee members to make this event special. I have so much respect for them all. They have pulled together and organised Sponsorship, jump decoration and physically built fences and dug ditches themselves. From Kate Peskens always at the helm organising casuals and any and everything else we needed; Maureen our treasurer and sponsorship gatherer, Gareth our secretary, programmes, course maps, dressage times etc; Tracy, Janice, Darrell Kate & Ian, for the 1\* track (thank you Darrell for Nussy she is beautiful and the two new 1\* fences on the fence line as well as numerous others on course). Helen, responsible for the 90cm track and together with Fiona the 80cm track. Helen, travelled up and down from Windsong with portables and Brian her trusty right hand man and together with Fiona designed and built the 80cm track. Fiona also was solely responsible for both the 60cm and 70cm tracks and anything and everything else she was asked to do. Lots and lots of work, time and patience from them all.

It was Kate Roberts brainwave to get the yards involved to decorate jumps and of course with the first prize sponsorship of a weekend away for 8 people valued at R11000 we have had a fantastic response. I do not envy the judge having to select the winner. Belinda and Kelsey worked so hard painting our minions, the tortoise and hedgehog fences. To everyone else involved in whatever small way, officials, timers, scorers, judges etc all volunteers. !

Thanks guys and gals. You are all Stars! Heres to an even bigger and better 2019.

Judy Gerardy

# PROVISIONAL TIMETABLE

## FRIDAY 16TH

**12H00 COURSE OPENS FOR WALKING  
PASSPORT CHECK AND COLLECTION OF  
NUMBERS**

## SATURDAY 17TH
